## Youth Protection Training

We ask that all registered adult volunteers be Youth Protection Trained, per Pacific Skyline Council guidelines. We sincerely appreciate your understanding and support.

Please go on-line to <https://scoutnet.scouting.org/elearning/> to complete your Youth Protection Training. Be sure to print out the certificate of completion and submit it along with this application, or to Peggy Benenato or Mike Conant to ensure credit.

## Vehicle Insurance Information for Drivers

**For those who would like to drive on Troop outings**, we are required by the local BSA council to provide vehicle and driver information for those who volunteer to drive. Whenever Troop 33 schedules an outing, it must file a Local Tour Permit Application with the local BSA council, or a National Tour Permit for outings over 500 miles away from home area. As part of this application, the Troop must provide a list of driver and vehicle identification, along with vehicle insurance coverage. The insurance coverage must meet the national BSA requirements and recommendations as stated below. **If you plan to drive** please read these requirements. Please inform the Troop of any changes in vehicle usage or insurance coverage.

**National BSA requirements:** "All vehicles MUST be covered by a public liability and property damage liability insurance policy. The amount of coverage must meet or exceed the insurance requirement of the \*State in which the vehicle is licensed. (It is recommended, however, that coverage limits are at least \$50,000/\$100,000/\$50,000) Any vehicle carrying ten (10) or more passengers is required to have limits of \$100,000/\$500,000/\$100,000. In the case of rented vehicles, the requirement of coverage limits can be met by combining the limits of personal coverage carried by the driver with coverage carried by the owners of the rented vehicle. All vehicles used in travel outside the United States must carry a public liability and property damage liability insurance policy that complies with or exceeds the requirements of that country."

**IMPORTANT:** On Troop outings, all drivers and passengers must wear seat belts. The only exceptions are travel by school or commercial bus. All drivers must have a valid California driver's license and they must be at least 18 years old. Driving speed must be in accordance with state and local laws. Driving time is limited to a maximum of 10 hours per day and must be interrupted by frequent rest, food, and recreation stops. If a truck is used, passengers may only ride in the cab.

## Medical Forms

**Medical Class 1 form must be updated annually.** Medical Class 2 or Class 3 forms may be required as well for other types of activities, such as participation on trips longer than a weekend.

*Policy as of 2008: We will be performing troop-wide updates to the required medical forms in the spring, after our new scouts join and prior to summer camp activities.; however we will take updated medical forms at registration if you know your information is not up-to-date.*
